

Jews Held In Trap By Arab Army

BY DANIEL DE LUCE

With the Arab Legion in Jerusalem, May 24 (P)—Arab forces labored today to root Jewish defenders out of their tight little corner in the old walled city of Jerusalem.

Demolition squads worked steadily at the job of reducing the Jewish quarter to rubble. "We don't want to lose men," a Legion field officer said. "The Jews are in a trap. We are literally blasting them out."

The Arab tactics, as the battle for Jerusalem neared the end of its first week, seemed to be based on a desire to avoid wasting infantry manpower and instead to disorganize Jewish defenses by heavy, widespread and continuous shelling and by depending on a food and water blockade—perhaps the most potent weapon of all.

Shrine Spared

(A Jewish spokesman in Jerusalem was quoted as saying the Jews were prepared to turn the Holy city into "another Stalingrad" if necessary to keep it out of Arab hands.)

The heaviest Trans-Jordan artillery fire yet crashed into Jewish army machinegun posts yesterday in Notre Dame hospice, a three-story structure on Suleiman road 300 yards from the church of the Holy Sepulchre.

The southeastern corner of the shelter was battered for over an hour as Arab volunteers mounted an assault on the ground floor. Bitter hand-to-hand and room-to-room fighting was reported.

The church of the Holy Sepulchre, believed to be the site of the tomb in which lay the body of Jesus Christ, escaped damage, despite its proximity to the fighting.

Diplomats Discard Phony Peace Stand

Russia Has Last Word In Cold War

By ED CREAGH

Washington, May 24 (P)—American diplomats decided today that the "phony peace" in the cold war is over—that this is where we came in.

The East-West bickering apparently cooled on unheeded after 20 days of crazy-quilt diplomacy that sometimes gave rise to hopes that a letup was in sight.

Soviet Russia had the last word.

"Clearly the attitude of the government of the United States is not conducive to progress in international affairs."

Tass, the Soviet news agency, put out this "authorized" verdict Saturday night in a broadside declaring the U. S. wrong on every issue dividing this country and Russia.

The firm Soviet stand held out no hope that Russia would do what Secretary of State Marshall proposed—show by her actions that she really is willing to settle some of the East-West disputes.

American diplomats did not appear surprised by the Russian blast.

"We are now right back where we started," said one official familiar with U. S.-Soviet relations. He meant that the Moscow "olive branch," as some called it, had been withdrawn in favor of the familiar tar brush.

BANK PRESIDENT DIES

Detroit, May 24 (P)—Thomas J. W. McCauley, 61, president of the Union City, Mich., National Bank, died at his Detroit home over the weekend.

He will be buried here Tuesday.

WILL REPLACE DAM

Three Rivers (P)—Three Rivers will spend \$162,500 to replace the Rocky River Dam, wrecked by a flood last March.

Car Crash Fatal To State Senator Girschbach Of Soo

Flint, Mich., May 24 (P)—State Sen. George Girschbach died in Hurley Hospital today of injuries suffered in an automobile collision Sunday.

Death came to the 58-year-old Sault Ste. Marie Republican at 7:30 a. m. (EDT) about 26 hours after he was injured in a crash near here.

Girschbach and a companion, Carl J. Widenhoefer, 54, Chippewa County Welfare Director, were in a car which collided with another machine at a highway intersection at 5:30 a. m. Sunday.

Widenhoefer was critically hurt.

Four persons in the second car were hurt, but less seriously.

Members of Girschbach's family came here from the Soo, spending part of the night at the hospital.

Girschbach, serving his second term in the Senate, came here with Widenhoefer to participate in an American Legion function.

The two had begun the drive home to the Soo early Sunday when their car crashed head-on with another at the intersection of US-10 and M-83, near Flint, an ambulance brought them to the hospital.

Occupants of the second car, all Dearborn residents, also were treated at the hospital.

The group included James Hudson, 20, the driver, and Leslie Bradford, 40; Zella Bradford, 32, and Robert LaHuillier, 21.

A native of Minnesota, where he was born on March 30, 1890, Girschbach had lived in Sault Ste. Marie for many years. He was reared on a farm and was graduated from the school of agriculture, University of Minnesota, in 1913. He taught dairying at the University of Minnesota in 1915-16 and served in the army in 1917-18, enlisting as a private and being discharged as first lieutenant in the field artillery.

House Clears Decks For Tariff Battle

Scrap To Cause Echoes In Presidential Race

By FRANCIS M. LEMAY

Washington, May 24 (P)—The House Rules committee was asked today (1:30 p. m., EST) to clear the decks for a tariff battle that is bound to echo in the presidential campaigning just ahead.

The committee, which decides when and under what rules major legislation is debated on the House floor, appeared likely to order the tariff issue up starting Wednesday.

The fight revolves around a GOP-backed bill that would keep the Reciprocal Trade Act alive for a single year and give Congress a form over veto power over trade agreements. This new trade agreement would come into use if the president exceeded duty-cutting limits to be fixed by the federal tariff commission.

Party battle lines took shape quickly, with Republicans and Democrats renewing their longstanding feud on the tariff issue.

The 15 Republican members of the Ways and Means committee signed a report saying the proposed revisions are needed for "the protection of domestic industry, agriculture and labor."

Nine committee Democrats reported in a minority report that the "weakness, fallacies and subtleties" of the Republican bill "constitute a clear and deliberate effort to sabotage and smash the reciprocal trade program."

Dark Horse Named Premier Of China

Chiang Tries To Settle Political Troubles

By HAROLD K. MILKS

Nanking, May 24 (P)—Chiang Kai-shek, in an apparent effort to set in order China's troubled political House, today chose Wong Wen-hao as the nation's premier.

The general manager of the 59-year-old Canada-educated economist and former minister of Economic Affairs came as the Generalissimo faced the most serious international challenge to his leadership in two decades.

The legislative Yuan went into session to consider confirmation of the appointment.

Many had been mentioned as possible successors to ailing Chang Chun who resigned the premiership recently—but not Wong, who has been inconspicuous in China's political scene for the past two years, although he is chairman of the National Resources Commission.

Wong is 59. He was director of the National Geological Survey of China, scene of rioting Wednesday, scene of a mining company in Honan Province, and, in 1935-36, secretary general of the executive Yuan.

He is an authority on China's mineral resources.

Guardsmen Start Fifth Day On Duty At Waterloo Plant

Waterloo, Ia., May 24 (P)—National guardsmen started their fifth day of quiet guard duty today at the struck Rath Packing Co. plant, scene of rioting Wednesday after slaying of a picket.

CIO Packinghouse Workers Union officials, meanwhile, were to receive specific strike settlement proposals at a meeting today with company officers.

The plant planned to continue today limited operations it has been conducting with non-striking employees. The independent plant has been struck since March 16.

Most of the 4,500 union members employed at the plant attended funeral services Saturday for William Farrell, 40, the picket shot to death in the Wednesday night disorder. Fred Lee Roberts, a non-striking worker, is held on a murder charge in connection with the death.

Norman Lee Blodgett was arrested in Kansas City four hours after the shootings took place early yesterday evening.

Sgt. Leo Hoel of the Kansas City police department said the youth, a former patient at the school here and at the state hospital for insane, Fulton, Mo., said he loved the girl and planned to marry her.

Dr. R. C. Kelly, superintendent of the school, said he and Lloyd Bennett, boys' supervisor, questioned Blodgett and Bennett said he could see a gun in the youth's pocket. Kelly called Deputy J. O. Freeman who demanded the gun, then wrestled with the boy.

The youth broke away and fired several times. Two bullets hit the officer and a third hit Dr. William G. Trefz, 25, just above the heart. Trefz, dentist at the institution, is in a critical condition.

Another bullet hit Charles Jaeger, school florist, shattering his right arm at the elbow.

Fingers Blown Off As Adrian Girl, 11, Tests Dynamite Cap

Adrian, Mich., May 24 (P)—An inquisitive 11-year-old girl was in University Hospital in Ann Arbor today with part of her left hand blown off by an exploding dynamite cap.

The child, Marlene Knterim, found the cap while playing with other youngsters in her father's barn 1½ miles southeast of Adrian Saturday.

She lit a match and touched it to the cap to see what would happen.

The explosion tore off two fingers and part of her thumb.

Truce Plea Is Unheeded In Holy City

Lake Success, May 24 (P)—Faris El Khoury of Syria said today the Arabs would ask the United Nations for a 36-hour extension on the security council's Palestine cease-fire appeal.

El Khoury disclosed the Arab plans shortly after the noon (EST) deadline for the truce passed without any acceptance or rejection from the Arab countries.

BY MAX BOYD

Cairo, Egypt, May 24 (P)—Arab leaders debated today whether to heed a United Nations appeal to end the Palestine war. The Jews said they will stop shooting today, if the Arabs do the same.

Egyptian Foreign Minister Ahmed Khashaba Pasha said yesterday his government "will do our best to reply to the security council cease fire order within the requested 36 hours." The U. N. deadline was set for noon, Eastern Standard Time, today.

The Egyptian cabinet met yesterday and discussed the appeal without reaching a decision. Other Arab governments have not announced their intentions.

Abdel Rahmap Azzam Pasha, secretary-general of the Arab League, told newsmen in Amman, Trans-Jordan, earlier yesterday that he would not object to a truce in Jerusalem if disarmament is applied to both sides.

Americans Killed
The Israeli government made its cease fire offer in Tel Aviv yesterday as Arabs in Cairo claimed an Egyptian mobile force had driven into Jerusalem during the day to join Arab legionnaires attempting to smash Jewish resistance in the city.

The Cairo announcement did not specify the number of Egyptian troops involved in the reported drive into Jerusalem.

A Jerusalem dispatch said Jews and Arabs were fighting hand to hand in the Holy City, barely 300 yards from the church of the Holy Sepulchre. Withering Arab artillery fire pounded Jewish machine gun posts in Notre Dame Hospice, in the shadow of the ancient church.

An earlier dispatch from the Jewish sector of the city described Arab shelling as relentless but ineffective, with no position falling in 24 hours.

Two Americans died yesterday of wounds suffered in the bullet-ridden city.

Thomas C. Wasson, 52-year-old U. S. consul general, died of bullet wounds received when a sniper shot him near the American consulate.

The state department in Washington said Herbert M. Walker, U. S. Navy radioman, died last night of wounds suffered in Jerusalem Saturday, when he was caught in Arab-Jewish cross fire behind the consulate.

A third American, Thomas Gannon, veteran consulate guard, was shot in the back May 14.

Slaying Of Deputy Admitted By Youth

Plot To Free Sweetheart In State School Fails

Marshall, Mo., May 24 (P)—An 18-year-old youth was in police custody today after admitting the slaying of a deputy sheriff and wounding of two men during an attempt to free his sweetheart from a state school for feeble-minded.

Norman Lee Blodgett was arrested in Kansas City four hours after the shootings took place early yesterday evening.

Sgt. Leo Hoel of the Kansas City police department said the youth, a former patient at the school here and at the state hospital for insane, Fulton, Mo., said he loved the girl and planned to marry her.

Week End Traffic Accidents Fatal To Eight In Michigan

By The Associated Press

A driver who rammed a loaded Greyhound bus north of Flint was among eight persons who died in weekend traffic in Michigan.

Nearly a score of passengers were shaken up and three were injured Sunday when a passenger car rammed the rear of a Greyhound bus north of Flint on US-10. The driver of the car, Herbert J. Ross, 41, of Flint, was killed instantly.

Sen. George Girschbach, 58, of Sault Ste. Marie Republican, died today in Flint's Hurley hospital. The car in which he was riding hit another on US-10 north of the city Sunday.

A commercial photographer, Richard L. Brown, of Detroit, died in a weird traffic crash on US-25 three miles north of Monroe. His body was discovered in his blazing car, set afire apparently from photographic films that burn with almost explosive force.

The other car was found in a swamp 25 feet off the highway, its four occupants unconscious on the ground beside it. All were hurt seriously.

Girl Pulls Trigger To Kill Brother, 12

Boy Sulk, Holds Rifle Against His Stomach

Youngwood, Pa., May 24 (P)—Richard Russel Henry, 12, died en route to a hospital after ordering his nine-year-old sister to pull the trigger of a rifle the boy was holding against his stomach, county Detective Edward Gordon said.

District Attorney John O'Connell said he doubted any charges will be placed against the sister, Joanne, as a result of the boy's death Saturday.

Gordon said the shooting occurred in a bedroom of the children's grandparents' home where Joanne and another sister, Nancy, 10, had been playing with a doll.

The detective gave this version: "Richard was 'sulking' after returning from a shopping trip because his grandmother had failed to buy him a wallet after purchasing a doll for the two girls."

The boy obtained a .22 caliber rifle from his grandfather's room, loaded the weapon and, pointing it against his stomach, ordered Joanne:

"Pull the trigger or I'll kill you."

Joanne told detectives she was afraid "not to do what he told me" and pulled the trigger. Richard slumped to the floor.

Republican Podium Is Used By Truman

Philadelphia, May 24 (P)—When Girard college officials prepared for President Truman's visit last Thursday in connection with the school's centennial exercises, they discovered they lacked the proper sort of podium.

A hurried search produced a podium of the necessary dimensions and the President delivered his broadcast address on schedule.

Then the borrowed podium was returned to the Union League—one of the nation's citadels of rock-ribbed Republicanism.

Private Wins \$5 In 35-Foot Jump, Lands in Lockup

Washington, May 24 (P)—Two air force privates got into an argument last night over whether it was possible to jump over the Sousa bridge into the Anacostia river: 35 feet below and live. They bet \$5.

Pvt. Paul R. Howard, 22, jumped. He swam to shore and collected.

Military police took him to the guardhouse at Bolling Field. Today they pondered what, if anything, to do about it.

Howard pondered whether the \$5 he won was worth all the trouble.

Dewey Keeps Lead In Oregon Results

Portland, Ore., May 24 (P)—Gov. Thomas E. Dewey of New York held his lead over Harold E. Stassen of Minnesota today as late returns piled in from Oregon's May 21 presidential preference primary.

With update ballot boxes locked up over Sunday, only the Metropolitan Multnomah county area (Portland) finished up the unofficial tally. The count in 1759 of the state's 1861 precincts gave: Dewey 111,657; Stassen, 102,419.

COSTLY FIRE—Several hundred gallons of paint, a barrel of linseed oil, a quantity of rope and roofing were destroyed Saturday noon in a fire in a warehouse at the Stanley LeMay residence, Old State Road. The fire started shortly before noon and in a matter of minutes the entire barn was ablaze as paint cans burst and fed the fire. The cause of the blaze is unknown. (Frank Henderson Photo)

'Must' Bills Cause Jam In Congress

BY EDWIN B. HAARINKSON

Washington, May 24 (P)—A thick stack of "must" bills cast a dark shadow today over plans of Republican leaders to adjourn Congress June 18.

Senators probably will go an extra hour shift this week and begin night sessions later in an effort to jam through a bundle of controversial bills.

But unless the lawmakers somehow can avoid the usual session-end squabbles, the best guess today is that they will be able only

Pacific Northwest Drenched By Floods

Rainfall Sets All-Time Record At Spokane

(By The Associated Press)

More rain was forecast today (Monday) for the drenched Pacific northwest as dozens of rivers and streams continued to pour over their banks and flood major portions of the area.

A tug with two men aboard vanished in the swollen Columbia river yesterday (Sunday) but no other casualties were reported.

The weather bureau at Spokane, Wash., said yesterday's steady rain brought the month's total to 4.35 inches, an all-time record for May. The previous high was 3.42 inches in 1906.

A 31-foot dyke protecting 2500 acres of rice farm land at Bonners Ferry, Idaho, collapsed and two Canadian dams broke, pouring water into Grand Forks, B. C., to a depth of eight feet in places.

As many as 450 families were reported homeless in north-central Idaho where at least one community was without communication. A dozen families at Kooskia, Idaho, spent the night in churches and four houses with all the furnishings were swept away.

Golfing Osteopath Breaks Arm, Then Delivers New Baby

Saginaw, Mich., May 24 (P)—Dr. M. E. Goldberger, an osteopath, fell Sunday and broke his left arm while trying to retrieve his golf ball from the rough at rolling Green Country Club.

Rather than summon aid, he drove with one arm to the osteopathic hospital where he is a staff member.

When he got there, he found the stork waiting for him.

With his damaged limb in a sling, Goldberger delivered twin daughters to Mrs. Russell Holvey, his patient.

Mother, daughters and doctor all were doing well today.

Bargaining Resumed In Attempt To End 13-Day-Old Walkout

Detroit, May 24 (P)—General Motors Corp. today offered the CIO United Auto Workers a wage increase in excess of six cents an hour, according to reliable sources.

The break in the General Motors deadlock came a few hours after Gov. Kim Sigler stepped into the 13-day-old Chrysler strike and brought both sides back to the bargaining table.

He capped a dramatic night-long session by telling newspapermen that the CIO-United Auto Workers and Chrysler had agreed to sit down Wednesday and try to settle the 13-day-old walkout.

They will meet in the governor's Detroit headquarters, Sigler said. The time is 2 p. m. (EDT) Wednesday.

Governor Moves Fast
If the meeting comes off as planned, it will be the first get-together since May 11, the day before the 75,000 Chrysler production workers hit the picket line.

Sigler moved quietly and fast. He came into Detroit Sunday. He immediately got in touch with top UAW-CIO officials, Emil Mazey, acting president of the big union, went to his (Book Cadillac) hotel suite.

With him went Norman Matthews, who has headed the union's fight against Chrysler.

Sigler talked to them. Then he conferred with Robert Conder, Chrysler's director of labor relations, and his assistant, John Leary.

Then the Governor brought the four men together.

JEWELL SPEAKS TO ROTARIANS

C-C Secretary Describes Industrial Aims

Constructive thought and definite aims and objectives are behind the work of the Escanaba Chamber of Commerce industrial committee, with first consideration given the promotion and expansion of existing local industries, Dudley Jewell, Chamber of Commerce secretary, today told the Rotary club at its noon meeting.

Second in the industrial development program is the need for new industries, he continued. "One of the principles behind the thinking of the industrial committee of the Chamber is that payrolls are of paramount importance. That means the number of men at work and the ability to keep them at work," Jewell

advised to have the type of job, at the rate of pay, that will make for happiness.

The industrial promotion program is a community development project for the whole Escanaba area, and does not halt at the city limits, he said.

The Chamber of Commerce assists industry in solving its problems. These include assistance on plant and sites, production, markets and distribution for products, information on legislation affecting industry, and in informing the public on the industries and their importance to the community.

Dixon to Speak At Manistique

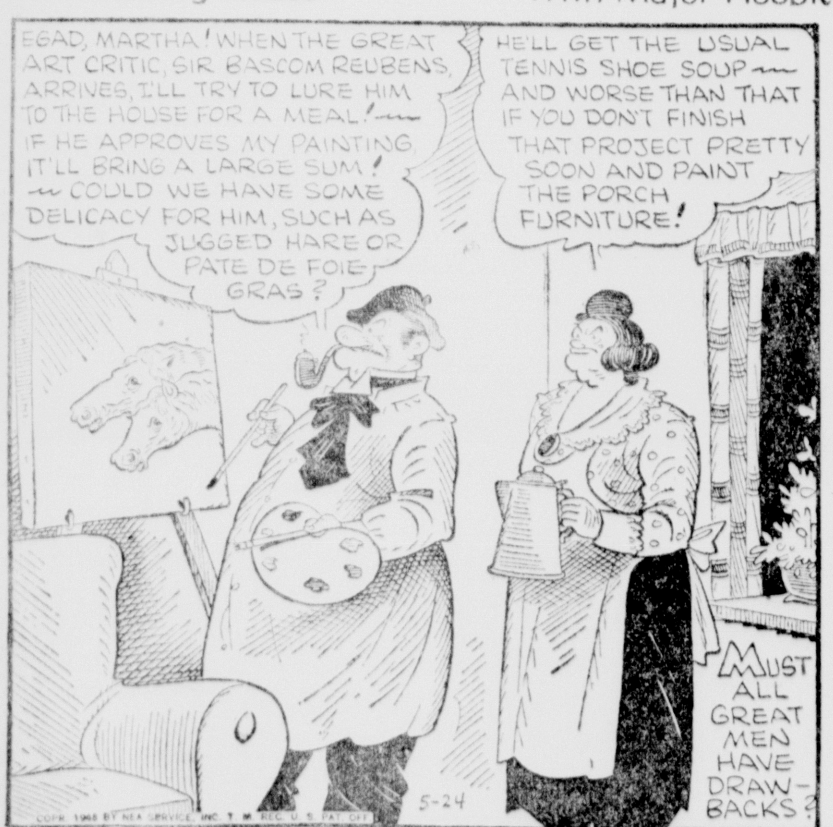

Manistique, Mich.—Whitney R. Dixon, Escanaba office branch manager of the Michigan Unemployment Compensation Commission, announced that a meeting with union secretaries, stewards and other representatives will be held Tuesday night at 7:30 p. m. in the Court Room of the Schoolcraft County Court House building in Manistique for the purpose of discussing the Michigan Unemployment Compensation Act.

The meeting with union officers will concern the filing of claims for unemployment compensation under the new law and the rights, privileges and eligibility requirements of workers. The revised Michigan Unemployment Compensation Act greatly affects workers filing claims and the eligibility requirements have become a great deal more rigid.

A worker's handbook has already been distributed to union secretaries which contains information for the benefit of claimants and the subject material in the handbook will be discussed at the meeting to be held tonight. Union officers have been contacted and requested to send their representatives to the meeting. Any other official representative of a union is also invited to attend the meeting which will be concluded with a question-and-answer period.

Wife of Prisoner Blasts Jail Window And Shoots Herself

Salem, Ore., May 24 (AP)—The wife of a prisoner peppered the window of her husband's cell and then fired a shot into her head, Sheriff Denver Young reported last night.

The sheriff said the woman shot at the jail window while driving past the building in an automobile. He said a note in her purse indicated a suicide pact between the man and wife. The prisoner, Richard Eoff, was uninjured.

Five of the bullets slammed harmlessly against a steel plate across the window, where the sheriff said Eoff stood facing the street.

Mrs. Eoff is in a hospital.

Bargaining Will Be Resumed In Chrysler Strike

(Continued from Page One)

General Motors expires Friday after a month's extension.

All hope was not abandoned, however. Negotiators for the union and GM went back into action in an effort to find a basis for agreement over the wage issue.

The UAW demands a 25 cents an hour increase, offering to turn 15 cents of this into a pension fund if GM agrees.

General Motors has made public no counter offer.

From Chrysler the union demands 30 cents. In the auto industry the production worker's general pay average is \$1.50 an hour.

In the meantime the UAW went ahead with its formal membership strike vote among 80 General Motors locals representing the more than 90 GM plants in the nation.

One variation from the reported trend of a strong majority vote for a strike took place yesterday. The big Buick Local 599 of Flint, Mich., heart of GM's huge factory system, voted against a strike, rejecting a plea from Emil Mazey, the International UAW's secretary-treasurer and acting president.

Marquette Resident Named Member Of State Parole Board

Lansing, May 24 (AP)—Emory E. Jacques of Marquette was appointed the fourth member of state parole board by Corrections Commissioner Joseph W. Stanford today.

The appointment follows recent legislation increasing the board from three to four members. Jacques, former Upper Peninsula parole supervisor, served 20 months as a provisional member of the board before Governor Sigler dropped him to make room for Garrett Heys, who was stepping down from his post as director of prisons.

In the interim Jacques has been serving as acting director.

Saginaw Favored to Win Track Trophy

Saginaw High, qualifying 15 individuals and two relay teams for the 1948 Michigan high school track finals next Saturday (May 29) at East Lansing, reigned a heavy favorite today to waste its fourth straight class A title. The Trojans powered to 91 points winning their regional championship last week-end, sweeping nine first places and tying for two others, and placing men in the state finals in every event.

Kiwanians Hear Talk On Swedes

Contributions made by Swedish immigrants to the development of the Middle West in the past one hundred years were cited in an interesting talk by Rev. Gustav Lund at the meeting of the Kiwanis club today.

The Witham twins, Nancy and Mary, entertained the Kiwanians with three vocal duets. Their mother, Mrs. Nyal Witham, played the piano accompaniment.

Reverend Lund declared in his talk that there is no distinct nationality in the world, but that all nations are made up of people of various races and strains. He pointed out that the Norwegians migrated early to England, Russia, Normandy and other parts of the world, where they became quickly assimilated with people from other nations.

Sweden was once a warlike nation and frequently invaded other countries in past centuries, the speaker stated. He added that it maintained a neutral position in the last two World Wars, largely because it had learned from experience that it was always to its disadvantage to join other nations in war.

In conclusion, Reverend Lund told how early Swedish immigrants helped to fell the forests of the Lake States region, worked as miners and expert technicians when the iron mines were opened in Minnesota, and were the carpenters who built the wooden structures on the prairies. He also stated that the Swedes were good craftsmen, and are to be found working in large numbers in Rockford, Ill., Grand Rapids, Jamestown, N. Y., the three leading furniture manufacturing centers.

Work Is Resumed By Meat Handlers In Packing Plants

Chicago, May 24 (AP)—CIO meat handlers streamed back to work today at a majority of the major packing company's plants.

Only at the seven plants of Wilson and Company, Cudahy Packing Co., Kansas City, and a few independent houses where contract details were being settled did pickets continue on duty. Some 20 pickets marched at the gates of Wilson, Chicago plant, and strike leaders claimed few workers had entered the premises.

A company spokesman said, however, that more employees reported for work today than at any time since the strike began March 16. Police reported about 60 workers entered the plant in one group, and that trucks entered and left at the Wilson gates frequently.

More than 90,000 of the 100,000 members of the United Packing House Workers union ended the 10-week strike Friday. The walk-out continued today at the Rath Packing Co., Waterloo, Ia., and at the Morrell Plant at Ottumwa, Ia.

Jews Decree Death For British Serving With Arab Legion

Tel Aviv, Israel, May 24 (AP)—Irgun Zvai Leumi has pronounced a death sentence on all British officers in the Arab Legion.

Irgun, formerly a Jewish underground organization and now a fighting arm of Israel, announced in a broadcast last night that it has a full list of British serving in the Legion and that all of them have been sentenced to death by Irgun as "war criminals."

In the same broadcast, Irgun issued a special warning to King Abdullah of Trans-Jordan, saying that he also is on the list of war criminals to be punished.

(Last July, Irgun—then underground—acted similarly as a court in the case of two British army sergeants kidnapped as hostages for three Jews condemned to die for taking part in a jail delivery in which 16 persons died. Irgun hanged the two sergeants in a forest near Natanya, and booby-trapped the bodies, which exploded when other soldiers started to cut them down.)

Pistol Kills Boy In Squirrel Gun Game

Seattle, May 24 (AP)—A squirrel-gun that reminded a small boy of his father's pistol led to the death of eight-year-old Charles Rogers. The victim, son of Mr. and Mrs. E. L. Rogers, was accidentally shot and killed yesterday in the home of his playmate, Billy Comyn, 7.

Shocked and tearful, Billy told police investigators and his parents, Mr. and Mrs. Jack G. Comyn, that he and Charles had been playing in a bedroom with a squirrel-gun.

Wanting to show his companion a real gun, the Comyn boy got his father's pistol from a closet and laid it on the bed. Then, he said, it slipped to the floor and dis-

Temperature Drops To Near Freezing; Cadillac Is Coldest

(By The Associated Press)

The thermometer dropped to near freezing Sunday night to give Michigan its coldest May 23 in 23 years.

At Cadillac, the mercury sank to 23 degrees, making it the state's coldest point.

Elsewhere, the temperature hovered just above freezing. Alpena and Sault Ste. Marie had 35 degrees, Battle Creek 36 and Grand Rapids, Calumet and Lansing 38.

The United States weather bureau in Detroit said the reading there touched 39 degrees, coldest for that date since 1925 when the mercury went to 33 on May 23.

The bureau's forecast called for cool weather again tonight, with lows in the 30's. Tuesday should be cloudy and "a little warmer" the prediction added.

Irish War Bride, 32, Who Killed Husband, Awaits Deportation

New York, May 24 (AP)—An Irish war bride, convicted of slaying her American husband, was at Ellis Island today awaiting deportation to England—eager to get back home "to work and forget."

The woman, pretty 32-year-old Bridget Waters, paroled recently from Nevada State prison after serving 18 months of a one- to five-year term, said she was grateful "for American justice" and for "all the kindness" shown her.

A condition of her parole was that she be deported to England.

She arrived yesterday in New York from Nevada in the custody of the wife of a Nevada prison warden and was turned over to immigration officials.

With Mrs. Waters was her three-year-old son, Frank Waters, Jr.

She and her husband, a Las Vegas bank teller, were married while he was a civilian technician overseas. She followed him to the United States and successfully contested a divorce suit he had filed.

The fatal shooting occurred in September, 1946. She claimed at her trial that she shot her husband because she feared he was going to harm their son. Funds for her defense were contributed by residents of Nevada communities and by British citizens.

Native of Colorado Named Agriculture Chief By President

Washington, May 24 (AP)—Charles Franklin Brannan was nominated today to be Secretary of Agriculture. He now is assistant secretary.

The president sent Brannan's name to the Senate shortly before it convened at 11 a. m. EST.

Brannan, a native of Colorado, succeeds Clinton P. Anderson, who resigned May 10 to run for the Senate in New Mexico.

The president also nominated Frieda B. Henneck, New York City lawyer to membership in the Federal Communications commission. Miss Henneck was named to succeed Clifford J. Durr, who said sometime ago he did not want a new term.

Miss Henneck, named for a seven-year term starting July 1, is the first woman ever appointed to the commission.

Police Arrest 23 In Numbers Racket At Kaiser-Frazer

Ypsilanti, Mich., May 24 (AP)—Arrestment of 23 members of a \$5,000-a-day numbers racket ring at the nearby Kaiser-Frazer plant was scheduled here this afternoon, before Municipal Judge Mark Rust.

The group was arrested Friday and Saturday as the climax to a four months investigation that stemmed from complaints of persons who lost to the system.

Police said 18 of the 23 admitted being involved in the ring and said they had collected as much as \$40 a day, which they said they turned over to an agency known as "the mutual" in Detroit. Officers pieced together the story of some 300 operators combing the big Willow Run plant selling tickets, ranging from 25 cents to \$1.00, based on the outcome of horse races.

PILL MAKER DIES
Detroit (AP)—Arthur Colton, 89, inventor of a pill making machine and an automatic capsule machine, died Saturday. He founded the Arthur Colton Co. in 1906 as a manufacturer of pharmaceutical devices. He was a native of England.

Bleacher Seats at Royce Park Stolen

Add to the list of candidates for the title of "meanest man" the culprit who stole seat boards and

foot boards from the city-owned bleachers at Royce Park playground over the weekend.

George Grenholm, city recreation director, reported this morning that six 10 foot seat boards and five foot boards were stolen from the bleachers. The boards are painted green and are stenciled with the words, "Property of City of Escanaba Recreation Department."

The bleachers have been used for spectators at softball games at the Royce Park softball diamond. Grenholm said that the department cannot replace the missing boards at this time.

STOCK MARKET RISE ANALYZED

Bob Ruark Offers His Own Explanation

BY ROBERT C. RUARK

New York—I buy no stocks, I own no bonds, but I think I can tell you what happened to the stock market when it took that record-busting bounce a week ago. I've been down to take tea with the oracle—friend of mine named Baruch, Bernard M. Alias Uncle Sam.

Knowing what happens to markets has been a specialty of Mr. Baruch's. It is why he isn't poor. Uncle Sam says the revival of the market is the result of an upswing in national cheerfulness. Maybe we're a little bit relieved.

It seems there has been a long, long path of pessimism in America, compounded of war-fear, future-fear, inflation-fear, depression fear . . . and old fear. Mr. Baruch believes its ingredients were the cold war . . . a happy phrase invented by Herbert Bayard Swope and passed on to posterity by Mr. Baruch—what the old gentleman calls a continuity of pessimism, or national down-in-the-mouthness and daily subjection to the people known as power-misers. A power-miser, by definition, is a highly placed poobah who is convinced mankind can't make it without his guidance, and whose only claim to fame is an unblemished record of having always been wrong.

This despondency, activated by the daily threat of doom, bit so deeply into the market that securities which were selling for \$20 a throw could prove up that much money in cash assets, well apart from the real backlog of products and property. Mr. Baruch cites one huge enterprise whose stock was going at a rate so low that it could have liquidated for more than it was selling for on the market.

Then the attitude changed. People suddenly began to believe that we might be alive next week. We won the elections in Italy. The Russians fumbled the ball and made a peace overture—it was a fumble, but on the positive side.

Three years had passed since the war ended, and we still aren't entombed in molten lava. We have shaken off some of our subservience to the crisis-kids, the national and international power-misers. Look, Ma, I'm living!

Babies get getting themselves born, and the insurance payments came due as usual. With it came the growing realization that Amer-

Lenore Budtke and E. J. Erickson Wed

Munising—Miss Lenore Budtke, daughter of Carl Budtke, 221 East Choccolay street, became the bride of Edmund J. Erickson, son of Mrs. David Erickson, of Powers, in a ceremony performed at 9 a. m. Friday in the rectory of the Sacred Heart church. The Rev. Gerald F. Harrington officiated.

The couple was attended by Miss Norma Budtke, sister of the bride, and Stanley K. Erickson, brother of the groom.

For her marriage Miss Budtke wore a blue gabardine suit with gray and pink accessories and carried a hand bouquet of white orchids and sweetheart roses.

The bridesmaid wore a pink gabardine suit with black and pink accessories and carried a hand bouquet of yellow and pink rose buds.

The groom's mother wore a navy blue silk dress with white accessories and a corsage of white carnations.

A wedding breakfast was served at 10 o'clock at the bride's home. A tiered wedding cake, topped by a miniature bride and groom, was the table centerpiece. Daffodils and narcissus, with colored tapers on either side, were table decorations. Twenty guests attended the breakfast.

After the breakfast, Mr. and Mrs. Erickson left on a honeymoon trip through Wisconsin. They will reside in Powers. The bride's going-away outfit was a blue gabardine suit with a white orchid.

The bride was graduated from Mather high school in 1937 and until her marriage was employed as assistant manager of the Ben Franklin store here. The groom, graduated in 1936 from Escanaba high school, is a co-publisher of

ica was the country store for all the world. We had lasses barrel, the drygoods, the shotgun shells, the drycans, the pork chops, the striped candy, the eatin' tobacco, the nails, the lemon-jawbreakers and the Lydia Pinkham's. Also the cash money in the till.

This combination snot the market up. Stocks and securities had been operating at 'way below their actual level because the customers were scared. The manufacturing companies were doing great business, and so were the mines and refineries and weavers, but everybody refused to consider it as permanent. 'Full Strength By Camp Time' Is Guard Goal

"Full strength by camp time—August 7-21 at Camp Grayling"—This is the motto of the Upper Peninsula's 107th Engineer battalion in its campaign to enlist 136 more men to become the first National Guard battalion in Michigan to reach full authorized strength.

Its present membership is 349, and its authorized strength is 485. To attain this goal, Lt. Col. William F. Milford, jr., of Calumet, the unit's commanding officer, has established a quota for each of the three line companies located at Calumet, Sault Ste. Marie and Escanaba. Marquette's headquarters and service company has attained its full strength of 98 men.

Each line company is authorized to enlist 129 men. Toward this number, Company A at Calumet has enlisted 91; Company B at Sault Ste. Marie has a membership of 66, and Company C at Escanaba has a strength of 94.

Colonel Milford's monthly quota for each line company—to enlist 136 more men or "full strength by camp time"—follows:

	May	June	July	Total
Calumet	10	20	8	38
Soo	20	28	15	63
Escanaba	10	20	5	35

Totals . . . 40 68 28 136

"If these quotas are attained, each line company in the Upper Peninsula will have reached its authorized strength by the time the battalion goes to Camp Grayling August 7," Colonel Milford said.

Enlistments for the Delta county unit are being accepted daily at the state fairgrounds armory between 8 a. m. and 5 p. m. The telephone number is 533-R.

The Importance of "Stepping Down"

Here is the story of a new principle of design that has rocked the industry and given Hudson unique beauty not possible in any other type of car.

THE recessed floor in the new Hudson—now widely known as the "step-down" feature—is the talk of the automobile world. And rightly so! This interesting development is the key to a new kind of motor-car beauty never before obtainable.

People everywhere are attracted by Hudson's low, streamlined silhouette and free-flowing lines.

Only Hudson, because of its exclusive recessed floor that you step down into, is able to offer streamlined, low-built beauty without asking you to give up interior head room.

Let's take a frank look at the motor-car designer's problem. Since streamlining an automobile reduces available head room for rear-seat passengers, to achieve a low silhouette and maintain adequate head room, both floor and seats must be lowered to compensate for the lowered roof. The recessed floor is a necessity.

But it is difficult to lower floors and seats, because in all cars, except Hudson, they are built on top of a frame. Only

Hudson has a new, all steel Monobilt body-and-frame*, part of which is a rugged base structure that permits lowering floors and seats down within the frame. The sketches below illustrate this design problem and show how Hudson's recessed floor provides a low, streamlined silhouette, yet preserves head room.

NEW HUDSON

Here is the long, low, gracefully streamlined Hudson—only five feet from ground to top. You can see how the streamlined roof comes down sharply over the rear-seat portion of the car, as compared to the other types of roof lines shown in sketches to the left. But Hudson floor is recessed down within the frame, seats are lowered, so you get more than ample head room.

The "step-down" principle requires years of engineering work, the development of new production techniques and equipment, and millions of dollars of highly specialized new plant investment. Perhaps this explains why Hudson alone offers this vital new design principle today.

You'll probably expect the motor car that is the talk of the nation to offer you even more than beauty and comfort. And it does! Your nearby Hudson dealer will show you The Importance of "Stepping Down"—also its results in riding and driving ease, performance and safety. Hudson Motor Car Company, Detroit 14.

*Trade-mark and patents pending

Other Cars

The car above cannot be streamlined because the need for head room above the rear seat (which is built on top of a frame) makes it impossible to lower the roof.

Other Cars

Of course, it is possible to adopt free-flowing lines without recessing the floor, as sketched in the car above, but overall height must be raised, and this destroys the possibility of a low silhouette, which is the mark of the modern motor car.

This time it's **Hudson**

Appreciative Audience Hails
First Spring Dance Review

A near capacity audience in William Oliver auditorium hailed the first spring dance review presented in Escanaba under the auspices of the city recreation department, Saturday night.

The 18-act variety show was cleverly staged and costumed, and played to an enthusiastic audience. The young dancers played for over an hour, and were able to present the 18 acts in that time by keeping dance numbers to a minimum of time, which met with the approval of the audience. Youngsters under four years of age opened the show with an act entitled "We Came Prepared." After they were whisked off the stage, following an engaging performance, Karen and John Moore, attired in 18th century costumes, performed a minuet. William Clark, Escanaba organist and pianist, played the music for the colorful parade of

dances. George Grenholm, city recreation director, emceed the performance. Mrs. Jeannette LeClerc directed, and was in charge of the production.

Ballet Dancing. Then came the "Stutters," featuring Paula Johnston, and next a lifting ballet-type dance number called "Rose Whirls." Billy Goodreau and Fredica Sensiba then appeared in acrobatic dancing.

Clever costumes in a variety of colors formed the background for the next dance, "Rhythm Bugs," which featured tiny youngsters in a lively act. "Breath of Spring," a smooth number, followed and featured John Woodruff. Donna Sullivan was next to appear in the review as featured dancer in "My Wabba Dolly," which gave the smaller youngsters another appearance.

"Dainty Does" was another charming routine, and featured Janet Bink. After a short intermission the show was resumed and presented Sandra Shipman with several young ladies in a ballet entitled "Blue Waltz."

Veronica Grenholm then starred in "Dainty Miss" after which a rhythmic dance number, "Latin Action," was presented. Next in line was a breath-taking ballet number, featuring little Judy Ann Marcouillier.

Other numbers were "Incomparable Ensemble," "Lavender and Old Lace," and tap tones by Miss Marie Saykly, who returned for an encore performance.

Tropical Numbers. "Tropical Topics," featuring the blacklight and phosphorescent costumes, was a highlight of the dance program and featured the dance artistry of eight-year-old Barbara Rivers.

Baton twirlers, trained by Gail LaChapelle, closed the show with an intriguing performance, also highlighted by black lighting. The 197 performers in the review trained three months with Mrs. LeClerc, who also trained the cast for the ice review this past winter. Mrs. H. Q. Groos was in charge of costuming, and Miss Suzanne Lindstrom supplied musical accompaniment for the cast while in training.

ESCAPE DEATHTom Kennedy And Mike
Shaw In Motor Crash

Two Manistique youths narrowly escaped death Saturday evening when the car in which they were riding left the road, rolled over a couple of times and then burst into flame.

The boys, Mike Shaw, son of Dr. and Mrs. G. A. Shaw, 201 Range and Tom Kennedy, son of Mr. and Mrs. Hugh Kennedy, 531 Cherry, both about 16 years old, were driving westward on Highway U. S. 2, in a Pontiac car owned by Dr. Shaw. When just past the Arnold store in Thompson, the car got off the concrete and young Shaw, at the wheel tried to get it back on the highway. The shoulder was soft at that point and the car, for the moment got out of control and rolled end over end. As the car rolled the door on Kennedy's side swung open and he was thrown clear of the vehicle. Shaw is unable to tell how he got clear of the car as he was in something of a daze when help arrived on the scene a few minutes later.

The car burst into flame immediately and was destroyed. The fire department and the Morton ambulance were called and the latter took the boys to the Shaw hospital. Kennedy was unconscious and up to Sunday evening was still in the hospital suffering from cuts and bruises. At first it was thought that he had broken an arm, but examination proved that such was not the case. Shaw had cuts and bruises about the face, but suffered no serious injuries.

Pesides the loss of the car, an outboard motor, in the rear compartment of the car was totally destroyed.

Michael S. Dragos, Jr., has recently completed the course of psychology, psychology, and psycho analysis at the National Institute of Psychology at Washington, D. C., according to word received here. His mid-term average was 95 percent in exams.

Cloverland WCOF To
Meet In City Tuesday

Elaborate plans are in the making for entertainment of about 225 visiting members of the Women's Catholic Order of Foresters at the annual convention of the Cloverland Association of that organization to be held here Tuesday, according to announcement by Mrs. William Barker, chief ranger of St. Francis de Sales Court, of Manistique.

Principal speaker at the session will be Mrs. Mabel Lindemeyer, of Chicago, high treasurer of the

Naubinway Church
Recently Scene
Of Preffy Wedding

Miss Norma Jean Smith, daughter of Mr. and Mrs. Herbert L. Smith of Engadine and Clarence Maudie, Jr., son of Mr. and Mrs. Clarence Maudie of Naubinway, were united in marriage at a double ring ceremony performed by Rev. Fr. Clifford Nadeau, at St. Stephens church at Naubinway on May 8 at 8 o'clock.

The bride was given in marriage by her cousin, Roland Nichols of Holt. Maid of honor and best man were Mr. and Mrs. Vern Houghton of Gilchrist, cousins of the bridegroom. Bridesmaid was the bride's sister, Betty Lou and the usher was Hubert Maudie, brother of the bridegroom.

The bride wore a traditional floorlength heavy satin gown with train, long pointed sleeves, and sweetheart neckline. Her fingertip veil was gathered to a band of orange blossoms in her hair. She carried a colonial bouquet of gardenias in the middle of blue iris, bordered with white baby carnations and pink sweetpeas. Her only jewelry was a pair of 3-strand pearls, a gift of the bridegroom.

The bride of honor wore a light blue taffeta bodice with a ruffle joining the skirt of blue chiffon. The bridesmaid wore a gown with white jersey bodice gathered to a long waisted skirt on a white background with blue flowers. They carried colonial bouquets of mixed flowers.

The bride wore a grey and white pin stripe suit with pink accessories and a pink rose corsage. The bridegroom's mother wore a dark blue 2-piece dress and a corsage of red roses.

A wedding breakfast was served for the bride party at the Smith residence immediately following the ceremony. A wedding reception for 150 guests was held at the Maudie home from 2-5 in the afternoon.

The bride chose for her traveling costume a pink tweed suit with new blue and pink accessories. Out-of-town guests were from Lansing, Holt, Sault, Manistique, Gulliver, Gilchrist, and Marinette, Wis.

DEATH CLAIMS
JAMES TROYERFuneral Services To Be
Held Tuesday P. M.

James W. Troyer, 51, of 215 South Third street, a resident of Manistique most of his life, died Saturday afternoon at the Shaw hospital following an illness of about two weeks.

Mr. Troyer was born in Sault Ste. Marie, on May 6, 1897 and came to Manistique when a young man residing here ever since. For the past 25 years he has been employed as a clerk at the Peoples Store and also, as a side line, painted signs. He was, for many years a member of the First Baptist church.

Surviving him are his widow, Hazel, two daughters, Mrs. Thelma Goodrich, Milwaukee, Wis., and Janie Wanda Troyer, at home; a sister, Mrs. Ella Mae Brown, Lexington, Ont.; and two grandchildren.

Funeral services will be held at the Morton Funeral Home Tuesday afternoon at 2:00 o'clock, with the Rev. William Schobert officiating. Burial will be in Fairview cemetery.

Pallbearers will be Frank Jenks, Art Dreydahl, Roy Stewart, William and Herb Blowers and Frank Pavlot.

Timber Trail
Director To Take
Charge May 28

Miss Katherine Merry, director for Timber Trail this summer, will arrive in Ishpeming Friday, May 28, in order to visit the camp over the weekend in company with several members of the Timber Trail Camp Association.

Miss Merry, a teacher at the University of Nebraska, has her B. A. from Ypsilanti and her Ph. D. in ornithology and nature study from Cornell. In addition she has a background of years of camping, as a camper and later as a counselor and administrator, so our local Scouts should be assured of an interesting summer at camp under her direction.

The emphasis at Timber Trail this summer will be on basic camping skills, co-operative living in units and fun and adventure with safety. This added to the thrills of swimming, diving, and canoe trips under expert guidance should make a trip to Timber Trail a memorable experience in any girl's life.

Miss Merry will be assisted by the following counselors: The Misses Lena Bauman, Kathleen Scott, R. N. Helen Wils, Margaret Blair, Lea Smith, Betty Homan, Bettyanne Henry, Ella Mae Mason, Betty Gerger, Beverly Johnson, Virginia Ferns and Miss Jackie Hillberg.

Parents of Girl Scouts are reminded that registrations for Timber Trail must be made by June 1st with Mrs. Paul Vezina, 543 Oak street.

Grade Pupils Give
Two Very Charming
Programs This Week

Manistique grade schools have many embryo terpsichoreans, actors and prima donnas in their enrollments, and this budding talent was very much in evidence at the entertainment given by the Central-Lakeside and Grade schools Friday evening.

Little girls of the first grades sang chirping little melodies and danced like the birds and butterflies about which they sang. Boys of the same grades bedecked with war bonnets, thumping tom toms, went through a lot of fierce and savage dances. Third and fourth grade students sang folk songs and danced some charming folk dances. Children of the upper grades presented a fantasy about a pirate ship which brought into play all sorts of strange characters including pirates, sailors, shrimps, penquins, sea breezes, sea shells, sea foam and a rakish pirate ship.

The audience was large and very generous with its applause.

A similar entertainment was presented by students of Lincoln school about a week ago. In both cases the youngsters scored heavily and their work reflected very favorably upon the training of their instructor, Miss June Christensen, of the school's music department.

IVORY DRUG
HIT BY FIRELoss Is Entirely Covered
By Insurance

Damage estimated at several thousand dollars was caused by a fire at the Ivory Drug store on Delta avenue Saturday afternoon.

The loss is covered by insurance.

The blaze was started by burning paper at the rear of the building which ignited a door casing and the flames got into the back wall before it was discovered.

What started the paper afire is unknown.

To combat the fire between the wall it was necessary to cut a hole near the roof and use a water hose and there was considerable water damage to stock in a balcony store room which adjoins the rear wall.

Excellent Catches
Of Wall-Eyes Made

Excellent catches of walleye-pike have been made the first few days of season at the head of the bay and in the upper bay generally, it is reported.

Early Friday morning, the opening day, Alphonse Wickman displayed a beauty that measured over 30 inches and weighed 7 pounds or more and Saturday Leander Smith got a 31 1/4 inch beauty weighing seven pounds, two ounces.

WAR VETERAN
PASSES AWAYEdward Blair Stricken;
Funeral Tuesday

Edward L. Blair, 29 of Kipling, veteran of World War II, died late Saturday afternoon at St. Francis hospital as the result of complications from head wounds received in combat in Germany in 1945.

Blair entered service in 1943 and trained at Fort Riley, Kas., and in Massachusetts before going overseas to England and later to France and Germany. He received shrapnel wounds at the Rhine on March 8 of 1945. He was with the Infantry and attained a rating of staff sergeant before being wounded.

He was born in Gladstone Dec. 20, 1918, a son of the late Felix and Alvina Blair, and attended local schools.

Surviving are the widow, Margaret; one son, Peter, 2; his mother, Mrs. Alvina Blair, city, two sisters, Mrs. Francis J. (Eva) Rabitoy and Mrs. Edward J. (Isabelle) Pilon, city; and three brothers, Robert and Wilfred, city and Donald of Chicago.

He was a member of August Mattson Post, American Legion, and the Disabled War Veterans.

The body was removed to the Skradski funeral home where it will rest in state until the hour of last rites.

Funeral services will be conducted at a solemn mass of requiem at All Saints' Catholic church Tuesday morning at 9 o'clock. Rev. Fr. Matt LaViolette will be the celebrant with Fr. Sebastian Maier, Escanaba, as deacon and Fr. Hale, temporary chaplain at St. Francis hospital, as sub-deacon. Burial will be in the family lot in Fernwood cemetery.

Military honors will be accorded the veteran with August Mattson Post in charge. An honorary escort from the DAV will attend the service.

Legionnaires and veterans participating in military services are asked to meet at the Legion hall at 8:30 Tuesday morning.

JEWELL SPEAKS TO ROTARIANS

C-C Secretary Describes Industrial Aims

Constructive thought and definite aims and objectives are behind the work of the Escanaba Chamber of Commerce industrial committee, with first consideration given the promotion and expansion of existing local industries, Dudley Jewell, Chamber of Commerce secretary, today told the Rotary club at its noon meeting.

Second in the industrial development program is the need for new industries, he continued.

"One of the principles behind the thinking of the Chamber is that payrolls are of paramount importance. That means the ability of men at work and the ability to keep them at work," Jewell

stated. The industrial development program is a community project for the whole Escanaba area, and does not halt at the city limits, he said.

The Chamber of Commerce assists industry in solving its problems. These include assistance on plant and sites, production, markets and distribution for products, information on legislation affecting industry, and in informing the public on the industries and their importance to the community.

Under the heading of new industries, the Chamber of Commerce industrial committee has completed a prospectus for the area, showing what the community has to offer, and what it needs. Preparation of the factual material required a year's work by the industrial committee, a group that Jewell described as working quietly the year around.

Dixon to Speak At Manistique

Manistique, Mich.—Whitney R. Dixon, Escanaba office branch manager of the Michigan Unemployment Compensation Commission, announced that a meeting with union secretaries, stewards and other representatives will be held Tuesday night at 7:30 p. m. in the Court Room of the Schoolcraft County Court House building in Manistique for the purpose of discussing the Michigan Unemployment Compensation Act.

The meeting with union officers will concern the filing of claims for unemployment compensation under the new law and the rights, privileges and eligibility requirements of workers. The revised Michigan Unemployment Compensation Act greatly affects workers filing claims and the eligibility requirements have become a great deal more rigid.

A worker's handbook has already been distributed to union secretaries which contains information for the benefit of claimants and the subject material in the handbook will be discussed at the meeting to be held tonight. Union officers have been contacted and requested to send their representatives to the meeting. Any other official representative of a union is also invited to attend the meeting which will be concluded with a question-and-answer period.

Wife of Prisoner Blasts Jail Window And Shoots Herself

Salem, Ore., May 24 (AP)—The wife of a prisoner peppered the window of her husband's cell and then fired a shot into her head, Sheriff Denver Young reported last night.

The sheriff said the woman shot at the jail window while driving past the building in an automobile. He said a note in her purse indicated a suicide pact between the man and wife. The prisoner, Richard Eoff, was uninjured.

Five of the bullets slammed harmlessly against a steel plate across the window, where the sheriff said Eoff stood facing the street.

Mrs. Eoff is in a hospital.

Bargaining Will Be Resumed In Chrysler Strike

(Continued from Page One)

General Motors expires Friday after a month's extension.

All hope was not abandoned, however. Negotiators for the union and GM went back into action in an effort to find a basis for agreement over the wage issue.

The UAW demands a 25 cents an hour increase, offering to turn 15 cents of this into a pension fund if GM agrees.

General Motors has made public no counter offer.

From Chrysler the union demands 30 cents. In the auto industry the production worker's general pay average is \$1.50 an hour.

In the meantime the UAW went ahead with its formal membership strike vote among 80 General Motors locals representing the more than 90 GM plants in the nation.

One variation from the reported trend of a strong majority vote for a strike took place yesterday.

The big Buick Local 599 of Flint, Mich., heart of GM's huge factory system, voted against a strike, rejecting a plea from Emil Mazey, the International UAW's secretary-treasurer and acting president.

Marquette Resident Named Member Of State Parole Board

Lansing, May 24 (AP)—Emory E. Jacques of Marquette was appointed the fourth member of state parole board by Corrections Commissioner Joseph W. Stanford today.

The appointment follows recent legislation increasing the board from three to four members.

Jacques, former Upper Peninsula parole supervisor, served 20 months as a provisional member of the board before Governor Sigler dropped him to make room for Garrett Heyns, who was stepping down from his post as director of prisons.

In the interim Jacques has been serving as acting director.

Saginaw Favored To Win Track Trophy

Saginaw High, qualifying 15 individuals and two relay teams for the 1948 Michigan high school track finals next Saturday (May 29) at East Lansing, reigned a heavy favorite today to wade to its fourth straight class A title.

The Trojans powered to 91 points winning their regional championship last week-end, sweeping nine first places and tying for two others, and placing men in the state finals in every event.

Kiwanians Hear Talk On Swedes

Contributions made by Swedish immigrants to the development of the Middle West in the past one hundred years were cited in an interesting talk by Rev. Gustav Lund at the meeting of the Kiwanis club today.

The Witham twins, Nancy and Mary, entertained the Kiwanians with three vocal duets. Their mother, Mrs. Nyal Witham, played the piano accompaniment.

Reverend Lund declared in his talk that there is no distinct nationality in the world, but that all nations are made up of people of various races and strains. He pointed out that the Norsemen migrated early to England, Russia, Normandy and other parts of the world, where they became quickly assimilated with people from other nations.

Sweden was once a warlike nation and frequently invaded other countries in past centuries, the speaker stated. He added that it maintained a neutral position in the last two World Wars, largely because it had learned from experience that it was always to its disadvantage to join other nations in war.

In conclusion, Reverend Lund told how early Swedish immigrants helped to fill the forests of the Lake States region, worked as miners and expert technicians when the iron mines were opened in Minnesota, and were the carpenters who built the wooden structures on the prairies. He also stated that the Swedes were good craftsmen, and are to be found working in large numbers in Rockford, Ill., Grand Rapids, Jamestown, N. Y., the three leading furniture manufacturing centers.

Work Is Resumed By Meat Handlers In Packing Plants

Chicago, May 24 (AP)—CIO meat handlers streamed back to work today at a majority of the major packing company's plants.

Only at the seven plants of Wilson and Company, Cudahy Packing Co., Kansas City, and a few independent houses, where contract details were being settled did pickets continue on duty.

Some 20 pickets marched at the gates of Wilson, Chicago plant, and strike leaders claimed few workers had entered the premises.

A company spokesman said, however, that more employees reported for work today than at any time since the strike began March 16. Police reported about 60 workers entered the plant in one group, and that trucks entered and left at the Wilson gates frequently.

More than 90,000 of the 100,000 members of the United Packing House Workers union ended the 10-week strike Friday. The walk-out continued today at the Rath Packing Co., Waterloo, Ia., and at the Morrell Plant at Ottumwa, Ia.

Jews Decree Death For British Serving With Arab Legion

Tel Aviv, Israel, May 24 (AP)—Irgun Zvai Leumi has pronounced a death sentence on all British officers in the Arab Legion.

Irgun, formerly a Jewish underground organization and now a fighting arm of Israel, announced in a broadcast last night that it has a full list of British serving in the Legion and that all of them have been sentenced to death by Irgun as "war criminals."

In the same broadcast, Irgun issued a special warning to King Abdullah of Trans-Jordan, saying that he also is on the list of war criminals to be punished.

(Last July, Irgun—then underground—acted similarly as a court in the case of two British army sergeants kidnapped as hostages for three Jews condemned to die for taking part in a jail delivery in which 16 persons died. Irgun hanged the two sergeants in a forest near Natanya and booby-trapped the bodies, which exploded when other soldiers started to cut them down.)

Pistol Kills Boy In Squirrel Game

Seattle, May 24 (AP)—A squirt-gun that rimmed a small boy of his father's pistol led to the death of eight-year-old Charles Rogers.

The victim, son of Mr. and Mrs. E. L. Rogers, was accidentally shot and killed yesterday in the home of his playmate, Billy Comyn, 7.

Shocked and tearful, Billy told police investigators and his parents, Mr. and Mrs. Jack G. Comyn, that he and Charles had been playing in a bedroom with a squirtgun.

Wanting to show his companion a real gun, the Comyn boy got his father's pistol from a closet and laid it on the bed. Then, he said, it slipped to the floor and dis-

Temperature Drops To Near Freezing; Cadillac Is Coldest

(By The Associated Press)

The thermometer dropped to near freezing Sunday night to give Michigan its coldest May 23 in 23 years.

At Cadillac, the mercury sank to 28 degrees, making it the state's coldest point.

Elsewhere, the temperature hovered just above freezing. Alpena and Sault Ste. Marie had 35 degrees, Battle Creek 36 and Grand Rapids, Calumet and Lansing 38.

The United States weather bureau in Detroit said the reading there touched 39 degrees, coldest for that date since 1925 when the mercury went to 33 on May 23. The bureau's forecast called for cool weather again tonight, with lows in the 30's. Tuesday should be cloudy and "a little warmer" the prediction added.

Irish War Bride, 32, Who Killed Husband, Awaits Deportation

New York, May 24 (AP)—An Irish war bride, convicted of slaying her American husband, was at Ellis Island today awaiting deportation to England—eager to get back home "to work and forget."

The woman, pretty 32-year-old Bridget Waters, paroled recently from Nevada State prison after serving 18 months of a one to five-year term, said she was grateful "for American justice" and for "all the kindness" shown her.

A condition of her parole was that she be deported to England. She arrived yesterday in New York from Nevada in the custody of the wife of a Nevada prison warden and was turned over to immigration officials.

With Mrs. Waters was her three-year-old son, Frank Waters, Jr.

She and her husband, a Las Vegas bank teller, were married while he was a civilian technician overseas. She followed him to the United States and successfully contested a divorce suit he had filed.

The fatal shooting occurred in September, 1946.

She claimed at her trial that she shot her husband because she feared he was going to harm their son.

Funds for her defense were contributed by residents of Nevada communities and by British citizens.

Native of Colorado Named Agriculture Chief By President

Washington, May 24 (AP)—Charles Franklin Brannon was nominated today to be Secretary of Agriculture. He now is assistant secretary.

The president sent Brannon's name to the Senate shortly before it convened at 11 a. m. EST.

Brannon, a native of Colorado, succeeds Clinton P. Anderson, who resigned May 10 to run for the Senate in New Mexico.

The president also nominated Frieda B. Hennock, a New York City lawyer to membership in the Federal Communications commission. Miss Hennock was named to succeed Clifford J. Durr, who said sometime ago he did not want a new term.

Miss Hennock, named for a seven-year term starting July 1, is the first woman ever appointed to the commission.

Police Arrest 23 In Numbers Racket At Kaiser-Frazer

Ypsilanti, Mich., May 24 (AP)—Arrestment of 23 members of a \$5,000-a-day numbers racket ring at the nearby Kaiser-Frazer plant was scheduled here this afternoon, before Municipal Judge Mark Rust.

The group was arrested Friday and Saturday as the climax to a four-month investigation that stemmed from complaints of persons who lost to the system.

Police said 18 of the 23 admitted being involved in the ring and said they had collected as much as \$40 a day, which they said they turned over to an agency known as "the mutual" in Detroit.

Officers pieced together the story of some 300 operators combining the big Willow Run plant selling tickets, ranging from 25 cents to \$1.00, based on the outcome of horse races.

PILL MAKER DIES

Detroit (AP)—Arthur Colton, 89, inventor of a pill making machine and an automatic capsule machine, died Saturday. He founded the Arthur Colton Co. in 1906 as a manufacturer of pharmaceutical devices. He was a native of England.

charged. The bullet hit the Rogers youngster in the chest. He died before he could be taken to a hospital.

Car Crash Fatal To State Senator Girrbach Of Soo

(Continued from Page One)

returned to teaching and farmed in 1919-20. In 1921 and 1922 he

was secretary of a Chamber of Commerce and general manager of a county fair. In 1923 he built the Rudyard creamery. He received a master of science degree from Michigan State College in 1924 and later completed residence requirements for a Ph. D.

From 1924 until 1930, Girrbach was dairy extension specialist at Michigan State College. He mov-

ed to Sault Ste. Marie in 1930 to manage the Sault and Rudyard creameries. He was a director of the Michigan Creamery Owners and Managers association, life member of the Holstein-Friesian association and a member of the Michigan State Grange. He was an active member of the American Legion, Forty and Eight, Knights Templar, Masons and the

Shrine. Girrbach was long active in Republican politics, and served as treasurer of the Chippewa county committee for about twenty years. He was elected state senator from the 30th Michigan district in 1944.

Last year he received one group's endorsement for governor, but he did not seek nomination.
